**Vision**

To see the world impacted for Jesus Christ through the influence of athletes and coaches.

**Mission**

To present to athletes and coaches, and all who listen to them, the challenge and adventure of meeting Jesus Christ as Savior and Lord, and to grow in their relationships and in the fellowship of the church.

**Values**

Our relationships demonstrate Christian character, commitment to Christ and His Word through integrity, servanthood, teamwork and excellence.

**expenses and renewed dedication**

It takes experience, energy, leadership and work with a diverse audience of coaches, athletes, staff and volunteers. Les Steckel assumed the FCA presidency on March 1, 2005. A former, well-respected NFL, college and high school football coach, he has a wealth of experience. Few people can speak on the state of sports today with the breadth, depth and conviction of Coach Steckel. As he makes presentations nationwide on behalf of FCA, he addresses issues confronting athletics with the unique perspective of a coach, a father and a fan. His message of excellence and enduring character rings true with audiences both young and old, and motivates and inspires them to understand their fullest potential in Christ.

we’re touching millions...one at a time.

“PCA is one of the most effective movements in this nation for the presentation of the Gospel to young people.”

Dr. Billy Graham

Since 1954, the Fellowship of Christian Athletes has challenged coaches and athletes at all levels of competition to impact the world for Jesus Christ. Today, our mission continues—unswerving, one inspirational feat, one incorruptible testament and one Spirit-filled heart at a time.

PCA is a catalyzing Christian principles in local communities nationwide by equipping, empowering and encouraging others to serve as examples and to make a meaningful difference. This ministry is more critical than ever before. Our lives, health and our own experiences reveal a growing concern for our youth. This is the reason we exist. An independent study conducted for PCA by People Pulse indicates:

- Nearly 7 of 10 U.S. adults are concerned about the attitudes, behaviors and lack of ethics exhibited by athletes, coaches, parents and fans alike.
- More than 50% feel it is a widespread problem, and 74% believe it is getting worse.
- Nearly 3 out of 4 U.S. adults are concerned about the attitudes, behaviors and lack of ethics exhibited by athletes, coaches, parents and fans alike.

“Coaches train young athletes on the mastery of baseball, soccer and basketball, but more importantly they shape young leaders with lessons in accountability and perseverance.”

U.S. First Lady, Laura Bush

The school campuses are the heart of the PCA ministry. It is led by student athletes and coaches on junior highs, high schools and college campuses. In 2005, there were more than 5,500 campus clubs, called Huddles, more than 27,000 people participating.

The goal of the Huddles is to enable student athletes to explore their faith, encourage their peers and join in fellowship with others who share a commitment to Christ.
